Continuing Professional Development

GESIS Fall Seminar in Computational Social Science	
– Advanced Text Analysis with Python (5 days)	September 2023
– Automated Image and Video Data Analysis with Python (5 days)	September 2022
– Social Network Analysis with R (5 days)	September 2021
GESIS Training Workshop	
– Computational Methods for Multilingual Text Analysis (3 days)	December 2023
– Automatic Sampling and Analysis of YouTube Data (2 days)	February 2022

Skills

Software used in the Research Process

Data collection	Web scraping using R, APIs
Data transformation	R, Stata
Data analysis	R, Python, Stata
Data visualization	R Shiny, ggplot
Write-up & presentation	Quarto, R Markdown, LaTeX (Overleaf), Microsoft Office

Languages

German	Native speaker
English	Fluent
French, Spanish	Basic
